

The 3rd Conference and Exhibition Oil Spill Response Workshop (OSRW 2013)

26-27 June, 2013 Beijing Ballroom, 3rd F, Marco Polo Parkside Beijing, China

Improving Environment amid Spill Prevention, Preparedness and Response

Keynote Speech + Panel Discussion + Q & A + Exhibition

Draft Agenda

Day One 26 June 2013 Beijing Ballroom, 3rd F, Marco Polo Parkside Beijing		
08:00-08:50	Registration	
08:50-09:00	<p>Welcome Remarks by Gao Jie, Professor Senior Engineer, Former Director, Environmental Protection Center Ministry of Transportation, Director, Shipping Pollution Prevention Office</p> <p>Zhi Guanglu, Director, China Maritime Search and Rescue Center, Deputy Director General, MSA China</p> <p>Li Xinmin, Director of North Sea Monitoring Center, State Oceanic Administration of China</p> <p>Li Guobin, Council Member Director, ISCO / General Manager, Qingdao Sunic-Ocean Marine T&S Co., Ltd.</p> <p>Zhou Hainan, Director, Marine Emergency Response Center, Sinopec Shengli Oilfield</p>	
	Keynote	Presentation
09:00-09:20	<p>Regional Oil Spill Response Capability Construction</p> <p>Chen Xuan, Director of Waterborne Research Office, Deputy Researcher, China Academy of Transport Sciences, Ministry of Transport</p>	
09:20-09:40	<p>Thoughts of Preparation and Emergency Response of Oil Spill on Major Marine Oil Spill Accidents</p> <p>Wang Zhongdai, Deputy Director, Division of Environmental and Resources Research, Transport Planning and Research Institute, Ministry of Transport</p>	
09:40-10:00	<p>The Role of Professional Shipping Pollution Cleaning Team at the Oil Spill Emergency Response System</p> <p>Gao Jie, Professor Senior Engineer, Former Director, Environmental Protection Center Ministry of Transportation, Director, Shipping Pollution Prevention Office</p>	
10:00-10:20	Coffee Break Networking, Exhibition Visit	
10:20-10:40	<p>To Effectively Improve the Emergency Response Capacity of China Oil Spill with the Efforts of All Sides</p> <p>Zhuo Li, Deputy Director, China Maritime Search and Rescue Center</p>	
10:40-11:00	<p>Oil Spill Response Technology Development and Policy Support</p> <p>Qiao Bing, Vice Chief Engineer, China Waterborne Transport Research Institute</p>	
11:00-11:20	<p>Green Dream in Action——Build Practical and Efficient Oil Spill Emergency System</p> <p>Zhang Ling, Chairman, Sino-Gas & Oil Technology Co., Ltd.</p>	
11:20-12:10	<p>Q & A Session</p> <ul style="list-style-type: none"> ● Current situation and outlook of the industry ● Construction of oil spill emergency response system ● Ship-source Oil Pollution Compensation Fund <p>Specialists: Zhuo Li, Li Dan, Gao Jie, Chen Xuan, Wang Zhongdai, Qiao Bing, Zhang Ling</p>	
12:10-14:00	Lunch	

	Technical	Session
14:00-14:20	The Herder as a New Solution for Oil Spill Mark Huang, General Manager, Guangdong BioMax Si&F New Material Co. Ltd	
14:20-14:40	Water-Surface Spilled Oil Recovery Technology and the Latest Type Skimmer Xu Shuduo, General Manager, Qingdao Guangming Environmental Technology Ltd	
14:40-15:00	Integration of Various Oil Spill Detection Tools onto a Common Operating Picture Tang Sze Wei, Spill Response Specialist, Oil Spill Response Limited	
15:00-15:20	Automatic Oil Spill Detection and Gas-Flaring Services Andrea Giacomini, Project Manager, Telecommunications Sector, INFRATEL Italia S.p.A. / Research Scholar, Remote Sensing Image Processing, University of Colorado Boulder	
15:20-15:40	Coffee Break Networking, Exhibition Visit	
	Keynote	Presentation
15:40-16:00	Oil Spill Emergency Mechanism and Key Technologies during the Oil Extraction in Deep Sea Dr James Zhang, Chief Technical Adviser on Oil Spill Response, China Offshore Environmental Services Ltd.	
16:00-16:20	Learning from Gulf of Mexico Oil Spill - Deep Sea Spill Emergency Response Management Zou Xiongfei, EHS Supervisor, Kerr-McGee, Anadarko	
16:20-17:00	Issues and Suggestion on Performance Test Methods of Oil Spill Response Products Chu Shengli, Director, Emergency Technology Research Institute of Safety & Environment Technology, CNPC	
17:00-17:20	The Use of Oil Spill Diffusion Model in Risk Assessment during Oil Spill Emergency Response Xiong Deqi, Environmental Science and Engineering College, Dalian Maritime University	
17:20-18:00	Q & A Session <ul style="list-style-type: none"> ● Key technologies and outlook of the oil spill response ● New technologies of oil spill monitoring ● Oil spill emergency command and coordination system Specialists <ul style="list-style-type: none"> ● Gao Jie, Director, Shipping Pollution Prevention Office ● Tony Zamora, HSE Manager, Chevron ● Xiong Zhiqiang, QHS Director, CNOOC ● Dr James Zhang, Chief Technical Adviser, China Offshore Environmental Services Ltd. (COES) ● Peng Li, Former Deputy Director, Emergency Response Office, CNPC ● Zhao Shaozhen, Deputy Director, China maritime oil spill response and Rescue Center, CNPC ● Renping Zhang, Professor and Director of Centre for International Maritime Convention Studies, Dalian Maritime University (DMU), China ● Lars Solberg, CEO, Aptomar AS 	
18:00-19:30	Cocktail Reception and Launch Event of <i>Oil Spill Response Technology and Equipment Finder</i>
