

Andrea Giacomini

Andrea Giacomini, Italian, Male, Project Manager of Telecommunications Sector at INFRATEL Italia S.p.A., is also the Research Scholar on Remote Sensing Image Processing in CU-Boulder(University of Colorado Boulder). With many publications like “The Gulf of Mexico oil rig accident: analysis of different SAR satellite images” and “Absolute Airborne Thermal SST Measurements and Satellite Data Analysis from the Deepwater Horizon Oil Spill”, Mr. Giacomini has shared his opinions in many international conferences. He also reviewed many Oil-Spill-related papers for the IEE Journal and now working on a new scientific paper on the "Analysis of the Gulf of Mexico Oil Spill Using Multisensor Remote sensing".

Andrea Giacomini, 意大利人, 男, 就职于 INFRATEL Italia S.p.A.任电讯部门项目经理, 同时也是科罗拉多大学遥测影像处理方面的研究学者。Giacomini 先生发表出版了很多论文, 比如说对墨西哥湾石油钻井事故中不同星载雷达影像的分析和深水地平线石油钻井泄漏事故中的空气中海洋表面温度热值绝对测量和卫星数据分析等, 他也参加过很多国际会议并修订了 IEE 刊物中很多溢油相关的论文, 目前他正致力于使用多传感器遥感技术分析墨西哥湾漏油事件。
